DETAILED ACTION

Specification

1. The priority claim set forth in the first paragraph is objected to because it includes an incorrect filing date for 60/446,607. The correct date is 2/12/2003.

Election/Restrictions

2. Applicant's election of a species in the reply filed on 11/4/2005 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

Following a search of the elected species, the remaining species are joined for examination.

Information Disclosure Statement

3. The information disclosure statement filed 6/14/2004 fails to comply with 37 CFR 1.98(a)(3) because it does not include a concise explanation of the relevance, as it is presently understood by the individual designated in 37 CFR 1.56(c) most knowledgeable about the content of the information, of each patent listed that is not in the English language. It has been placed in the application file, but the lined-through foreign language references have not been considered.

Applicants are advised that the foreign language references cited on the 1449 for which applicants have supplied an English language translation have been considered solely on the basis of said translation.

Claim Rejections - 35 USC § 112

4. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

5. Claims 19 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

(a) Claim 19 is indefinite because the following species are not within the scope of the parent claim (numbering the structures left to right, top to bottom): first, third, fourth, fifth, sixth, eighth, ninth, tenth, eleventh and twelfth.

(b) Claim 19 is further indefinite because it ends with a semicolon.

6. Claims 1-18 are allowed.
